Dear Parent,

Thank you for registering for the Sandhills Pediatrics Patient Portal!

Within two business days you will receive an email confirming your registration. You will be provided with a temporary password. This password will expire in 1 week so please sign in and set a password of your choice. If you do not get a notification email within this time frame, you may call the office you normally take your child to for assistance. Due to previous occurrences, if your email provider is "Gmail," please check your spam folder if you do not receive your temporary password.

Please note: Due to South Carolina medical privacy laws, charts of patients 16 years or older will not be available for viewing unless we are provided with a signed release from the patient. A separate patient portal registration form can be used but must be signed by the patient in the office.

If you have any questions about accessing My Kid's Chart or about the information displayed in My Kid's Chart, please visit our web site at www.sandhillspediatrics.com or call the office you normally take your child to for medical care.

Sincerely,

The Staff of Sandhills Pediatrics
